Education		
	Carnegie Mellon University Pittsburgh, PA 08.2018 – 05.2022	Bachelor of Design Human-computer Interaction Minor

Experience		
	Skiff 10.2021 – Present	Product Designer Building editor experiences.
	Apple 05.2021 – 08.2021	Interaction Design Intern Designed VUI disambiguation/correction patterns for various hardware platforms and explored new dictation interactions.
	Brain Technologies 09.2020 – 05.2021	Product Design Intern Designed and shipped features for various domains and conducted R&D explorations on future-facing interactions.
	Apple 05.2020 – 08.2020	Interaction Design Intern Designed platform-level voice UI patterns based on core technology enhancement. Co-built a design template system that helps designers and engineers analyze Siri interactions.
	Elevation Church Charlotte, NC 05.2019 – 08.2019	Product Design Intern Helped redesign and launch Elevation Connect, a web application that helps people get connected through small groups, volunteering, and baptisms.

Additional		
	Coolman's Universe NFT Collection 10.2021 – 12.2021	Web Designer Led web design for an NFT collection in collaboration with Coolman Coffeedan. The 10,000 token collection sold out, generating ~$3.8 million in primary sales.
	Metalink 12.2021	Product Designer designed the Web3 social platform's Launchpad feature, a place to view and get involved with upcoming NFT collections.
	CMU School of Design Pittsburgh, PA 09.2021 – 12.2021	Teaching Assistant Assisting Professor Andrew Twigg in the web prototyping course 51-328: Design for Digital Systems.
	CMU HCII Pittsburgh, PA 01.2020 – 05.2020	HRI Design Researcher Collaborated with Bossa Nova robotics and other undergraduate researchers on conducting HRI field research focused on navigating stuck-robot situations.

Skills		
	UX prototyping Design research Visual design Wireframing	Design systems Multimodal interaction Voice interface design Systems thinking	Web prototyping Javascript (React) HTML5 CSS3 (SASS, BEM)
